

BOX TRAILER – DUAL AXLE

TRAILER DESCRIPTION

Victorian Trailers offers a selection of Dual Axle / Tandem Box Trailers built to medium or heavy duty specification with a range of load weight classifications.

Our Dual Axle / Tandem Box Trailers come in an extensive range of sizes, load ratings and built in features that set them apart from competitors. Added to this is a host of options to accommodate your needs when building or customising your trailer.

Our box trailer platforms are engineered with versatility in mind so that you can configure your new trailer for any application or add components such as a cage or toolbox to create more storage and functionality.
